The South Yorkshire ENTERTAINER

ISSUE 1514

Dear Readers, Happy New Year! - During the Middle Ages in Western Europe, while the Julian calendar was still in use, authorities moved New Year's Day, depending upon locale, to one of several other days, including March 1, March 25, Easter, September 1, and December 25. Since then, many national civil calendars in the Western World and beyond have changed to using one fixed date for New Year's Day, January 1— most doing so when they adopted the Gregorian calendar.

Don't forget!

Be sure to follow us on Facebook, & Instagram to get the latest updates for your club, any changes to events we receive during the month will be published online.
